

High-quality engine spares sourcing and delivering excellence since 1935

Long-standing quality

Simplex Turbulo and STW Engineering specialise in stocking and supplying OEM-quality engine spare parts only from leading European component manufacturers.

Since 1935 our group has been supporting engines in the marine, offshore and power-generation industries as one of the major independent stockists and distributors for some of the best-known engine component manufacturers.

We deliver a wide range of spare parts for four-stroke, medium-speed diesel and gas engines for marine and industrial installations.

Our stock includes:

- Engine wear items
- Complete cylinder heads
- Cylinder head spares
- Pistons and piston rings
- Bearings - all types
- Valves and valve equipment
- Fuel injection equipment

We pride ourselves on our responsive and honest customer service, which, alongside our experience in sourcing excellence and established supply chains, enables us to support our customers' machinery usually from stock.

Makes and models

Bergen

- B Series
- BRM
- B32:36
- B32:40
- B35:40
- C25:33
- K Series

MaK

- M25

Wärtsilä

- L20

Please note that our full range of parts is suitable for the identified engine makes. Any use by us of any equipment manufacturer's brand or model name, product codes, part numbers or IMO numbers is for descriptive and/or reference purposes only. Such use does not mean the parts so described originate from the engine maker.

Warehouses

With extensive warehousing facilities in the United Kingdom and Germany, and an expanding facility in Malaysia, we can ensure a short turnaround with orders reaching customers worldwide.

Our long-standing relationships and partnerships with leading engine component manufacturers enable us to manage our stock levels with precision. We always aim to provide a fast and efficient response in order to keep customer engines and vessels at maximum efficiency.

Skilled care for your spares

Our experienced warehouse personnel maintain and handle our stock with the utmost care and precision.

All incoming and outgoing goods go through rigorous Quality Control checks.

TOGETHER WE ARE **SLX** GROUP

SLX Group has been supporting the marine and power industries since 1935.

Sourcing only from leading European manufacturers, we supply engine spare parts, marine components, condition monitoring equipment, and cryogenic valves. Our team of specialised engineers carry out marine services for stern tubes and propulsion systems, and for cryogenic valves and actuators.

All work and components are guaranteed and we complement that with a £5m product liability insurance.
