

SLX Group

High-quality components and equipment supporting the marine, offshore, chemical, power generation, water and rail industries

Where downtime is unacceptable, just ask us, we'll make it possible.

We are a stockist and supplier of high-quality engine spares, marine components, condition monitoring equipment, filtration systems and LED floodlighting solutions.

Our engineers provide specialist services for sterntube seals, hydro-dynamic rudders, propulsions and marine components, and filtration systems.

All work and components are guaranteed, and we complement that with a £5m product liability insurance.

A1 Credit Rating | ISO 9001 Certified | Approved Exporter

Serntube Seals and Components

- Simplex sterntubes
- Simplex sterntube seals
 - Simplex Basic
 - Simplex Advanced
 - Simplex Airspace
 - Simplex Multisafe
 - Simplan Seal
 - Simplex Water Lubricated
- Other seals
- Shaft bearings
- Net protection
- Ancillaries

Marine Equipment

- Turbulo bilge water separators
- SKF stabilising systems
 - Type S and Type Z retractable fin stabilisers
 - Type F and FZ non-retractable fin stabilisers
 - Type EFZ electric yacht stabilisers
- SKF rotary vane steering gear
- SKF couplings

Serntube Service

Fully-trained engineers available to carry out special survey and shaft survey overhauls, as required

Engine Spare Parts

Extensive stock and OEM-quality from leading European manufacturers*

- Bergen:
B Series, B32:36, B32:40, B35:40, C25:33, K series, L series
- MaK:
M20, M25, M32
- MAN B&W:
L16/24, L21/31, L23/30, L28/32, 27/38, L32/40
- Wärtsilä:
L20, Vasa 22, Vasa 32

*Any use by us of any equipment manufacturer's brand or model name, product codes, part numbers or IMO numbers is for descriptive and/or reference purposes only. Such use does not mean the parts so described originate from the engine maker.

Condition Monitoring Equipment

Condition-based maintenance by use of oil and fuel testing and torsional/vibration analysis

- Acoustic analysis
- Fuel analysis
- Lube oil analysis
- Microbial growth (MBG) test at tank for fuels
- Particle detection and counting

Engine Service and Reconditioning

Provision of engine overhaul resource as required and supply of both new and reconditioned major engine spares, such as cylinder heads, connecting rods, pumps, etc.

Filtration Systems

Lube oil, hydraulic oil and fuel purification and filtration

- Filters
- Centrifuges
- Nano-filtration to 0.1 microns
- Dewatering
- Fuel polishing

LED Floodlighting Solutions

Military-grade materials and best-in-class lighting technology

- Deck illumination
- Forward navigation
- DC, AC and battery-powered
- White/amber/SOS functions
- Stackable

Solid and reliable

SLX Group has been supporting the marine and power industries since 1935.

Our people deliver the components and service you need with speed, consistency and ingenuity. We respond to challenges, embracing engineering problems with experienced timely support.

Our HQ is in the United Kingdom. We have registered offices and warehouses in Germany and Singapore, and additional business representatives in Spain and Poland.

With local and foreign staff speaking over ten languages we are happy to assist with any enquiry.
