

TOGETHER WE ARE **SLX** GROUP

**Marine and industrial
components and services
since 1935**

Stockist and supplier of high-quality engine spares and marine equipment.

Our team of engineers provides specialist services for propulsion systems, sterntube seals and cryogenic valves.

Engine Components

OEM-quality engine spare parts from leading European manufacturers.*

We are one of the major independent stockists of medium-speed engine components suitable for:

- Bergen B series, BRM, B32:36, B32:40, B35:40, C25:33, K series
- MaK M25
- Wärtsilä L20

Extensive stock and established supply chain of cylinder heads and spares, pistons and piston rings, con-rod bearings, engine wear items, and fuel injection system spares, plus a wide range of filtration units and systems.

*Any use by us of any equipment manufacturer's brand or model name, product codes, part numbers or IMO numbers is for descriptive and/or reference purposes only. Such use does not mean the parts so described originate from the engine maker.

Condition Monitoring

Authorised Distributor for Parker's range of condition-monitoring equipment.

Supporting our customers' preventive maintenance programmes to optimise the use of fuels and lubricating oils for the safe and efficient operation of machinery.

- Acoustic analysis
- Fuel analysis
- Lube oil analysis
- Particle detection and counting

Marine Components

Supporting our customers with marine spare parts of the Simplex family.

- Sterntubes and sterntube seals
- Thrust and shaft bearings
- Shaft couplings
- Rudder stock seals
- Bulkhead seals

Cryogenic Valves and Actuators

Authorised Distributor for Parker Bestobell cryogenic valves and related actuators for LNG vessels and FGSS.

- Globe valves
- Gate valves
- Ball valves
- Lift Check valves
- Gasket Kits
- Actuators (hydraulic, pneumatic, electric)

Marine Services

Authorised Service Station for Becker Marine Systems and SKF Marine.

Our team of specialist engineers provide inspection and overhaul services worldwide for:

- Sterntube seals
- Shaft seals
- Bearings
- Rudders
- Thrusters
- Stabilisers
- Steering gear

Cryogenic Services

Authorised Service Station for Parker Bestobell.

Our team of engineers certified by Parker Bestobell provide worldwide services for:

- Maintenance and repair of valves
- Maintenance and repair of actuators
- Supervision of valve installation
- Valve and actuator troubleshooting

Sourcing and delivering excellence since 1935

From leading European manufacturers through our experienced teams, we deliver components and service with speed, consistency and ingenuity.

TOGETHER WE ARE **SLX GROUP**

SLX Group has been supporting the marine and power industries since 1935, when it was originally established as Simplex Rudder and Turbulo Auxiliaries. Growth and expansion eventually led to the rebranding as SLX Group in 2022 in order to represent inclusively all our incorporated trading entities.

With Headquarters in the United Kingdom, we have offices and warehousing facilities in the UK, Germany and Malaysia, as well as sales representatives worldwide. We support customers across the globe with highquality components and specialist engineering services.

Sourcing only from leading European manufacturers, we supply engine spare parts, marine components, condition monitoring equipment, and cryogenic v alves. Our team of specialised engineers carry out marine services for sterntubes and propulsion systems, and for cryogenic valves and actuators.

All work and components are guaranteed and we complement that with a £5m product liability insurance.
